MONDAY:— MARY PICKFORD IN A MODERN VERSION OF THE FAMOUS STORY "CINDERELLA"

KODAKS

The ideal season for taking pictures—now when you are out along the streams, in the fields and woods; when everything is full of life and beauty it adds wonderfully to your pleasure; it is interesting and instructing, and The "Kodak" (remember Kodak) is so easy to operate. Anyone can successfully use them. We would be glad to explain them to you, even should you not purchase it is worth your while to have a knowledge of them because you come in contact with them almost daily among your friends. A very complete line of Kodaks and supplies at our store.

ELEVEN HORSES BURNED IN FIRE

Disastrous Blaze also Destroys Farming Implements, Harness and Other Equipment. Loss only Partially Covered.

Fire of unknown origin Thursday night about 10 o'clock completely destroyed the large barn on the farm of John Zacharias about five miles southeast of Emmitsburg. Eleven head of horses were cremated in the flames. The loss is placed at fully \$3,000.

The family had retired about a half hour before the fire was seen and members of the family who had been out in the yard before going to bed found everything safe. All was darkness about the barn.

Mrs. Zacharias stated that, when she discovered the fire, the entire barn was ablaze, with flames leaping from every window. It was impossible to save anything, except the cows which were in the barnyard, and which were driven out to a place of safety. It is probable that the eleven horses which were burned had been cremated before the fire was discovered. The barn was built many years ago and burned rapidly, in spite of the recent rains.

In addition to the eleven horses burned, the following other articles were consumed: two sleighs, one hay carriage and wagon, one drill, one windmill, all the forks, one good load of hay, one calf, all the harness. The barn was about 80 by 50 feet in size. Had it not been for a stone wall about 35 feet high separating the barn from the other buildings, it is thought they also would have been destroyed. The hog pen and chicken house caught fire several times, but the flames were extinguished. Neighbors responded as rapidly as possible, but it was impossible to save the barn. Bucket brigades were used to save the other buildings.

Mrs. Zacharias said they had no idea as to the origin of the fire. She said they had no enemies they knew of who would set it on fire. There is about \$2,000 insurance to cover a part of the loss.

TRACT

Tract—Mrs. James Ray and two children, of Baltimore, are visiting her parents, Mr. and Mrs. Joseph Rose.

Mrs. Susan Kugler is visiting her brother, Samuel Kugler.

Mrs. Walter White and daughter, Sarah Ann, spent a few days in Gettysburg.

I. J. Ohler and Miss Grace Warner spent a day with Mr. and Mrs. Daniel Shorb.

Mr. and Mrs. Criswell and three children, of Waynesboro, spent several days with their cousin, Miss Laura Beard.

Roy Shorb's knee, which he cut severely five weeks ago, is not improving rapidly.

Miss Gertrude Kugler, of Baltimore, is spending some time with her parents, Mr. and Mrs. Samuel Kugler.

AFTER SEVEN YEARS

Young Priest Returning to his Home in this County.

The directorate of Villa Nova Seminary, New Philadelphia, received a telegram from the Superior General of the Augustinian Order at Rome, that Rev. William Fink, and seventeen other young American priests are now enroute on the ocean liner "Ancora" for America and are expected to reach this country about June 8th.

Rev. Fr. Fink is a son of John Fink, of McSherrystown, and this will be his first visit home in the past seven years. He is a graduate of Villa Nova Seminary and the last four years have been spent in Rome, where he was ordained to the priesthood. Rev. Fr. Fink will celebrate mass in St. Mary's church, McSherrystown, Sunday, June 13th.

FOOD SALE STARTS

Band Concert Feature of the First Evening.

A concert given by the Citizens Band at the fire engine house Friday evening was greatly enjoyed. It formed a part of the program at the Fire Company food sale which enjoyed fairly good patronage on the opening night and will be continued this evening.

RETURNING FOR COMMENCEMENT

Baccalaureate Sunday will See Large Number of Graduates here. Program of the Week Contains Much of Interest.

Sunday will mark the formal opening of the eighty third commencement week at Gettysburg College. Many alumni are returning and a number are already here. The program of the principal public events of the week is as follows:

Sunday: 10:45 a. m. Baccalaureate sermon in College Church by Dr. Shailer Mathews, dean of the Divinity School of the University of Chicago and president of the Federal Council of the Churches of Christ in America. 6:00 p. m., campus prayer and praise service under the auspices of the College Y. M. C. A. on the steps of the "Old Dorm"; 7:30 p. m., discourse before the College Young Men's Christian Association in College Church by Rev. John C. Goddard, Salisbury, Conn., secretary of the board of trustees of Hotchkiss School.

Monday: 1:30 p. m., Junior Oratorical contest, Brua Chapel; 4:00 p. m., base ball, Mt. St. Mary's. Nixon Field; 8:00 p. m., concert by college musical clubs, Brua Chapel.

Tuesday: 10:00 a. m., Senior class day exercises, College Campus; 1:30, dedication of tablet to Dr. H. W. McKnight, Brua Chapel; 2:15 p. m., dedication of Alpha Tau Omega fraternity house; 4:00 p. m., alumni base ball game; 8:00 p. m., President's reception, White House.

Wednesday: 10:00 graduating exercises, Brua Chapel. The commencement addresses will be delivered by Dr. Talcott Williams, dean of the Columbia University School of Journalism, and by Dr. John Henry MacCracken, president of Lafayette College.

This evening the Owls and Nightingales Dramatic Club will present "David Garrick" in Brua Chapel.

LAST ECHO

Last Inspector Leaves this District. Some Restrictions.

With the departure Friday of Dr. E. Earl Manter, for Buffalo, where he will be permanently located, all inspectors that had been engaged in fighting the hoof and mouth disease which cost the state and federal governments almost \$400,000 in York and Adams counties alone, left the district.

Twenty-one state and federal veterinarians were engaged in the local district in fighting the disease since last November.

Without exception all of the owners, who sustained losses through the epidemic, have now been reimbursed at the appraised value for damage done to property or loss sustained by killing stock.

FOR CONVENTION

York-Adams Red Men to Convene in July.

Plans for the annual convention of the York and Adams county Red Men are being completed by a committee from the various tribes of York. The convention will open on July 31 in the York county court house. Sessions of the convention will also be held at a nearby park. One of the features will be a parade in which the visitors will participate.

END OF QUARANTINE

Hundred Days Have Expired and Restrictions are Lifted.

The dog quarantine in Gettysburg expired to-day after having been in effect for one hundred days. No dogs were shot during the time and there were no prosecutions for violations.

BASE BALL

Thirty One Runs in this Diamond Contest.

The Palm Leaf A. C. defeated the Heavy Sluggers this morning 17 to 14. Batteries: Irvin and Warren; Dillman and Yingling.

BIG clearing sale, millinery goods. All hats greatly reduced. Good variety. Come early for best choice. Thomas Brothers.—advertisement 1

WILL DEDICATE KEY MEMORIAL

Miss Seabrook will Unveil Monument at Famous Author's Birthplace. Persons Numbered among the Speakers Chosen.

Gettysburg will take special interest in the unveiling and dedication of the monument at the birthplace of Francis Scott Key, near Taneytown, next Saturday.

Miss Frances Seabrook, of Westminster, well known here, will pull the cord which will release the large American flag that now covers the monument, and among the speakers will be Dr. W. A. Granville, of Gettysburg, and W. L. Seabrook, of Westminster, a frequent visitor here. The monument was placed this week at the Baumgardner farm near Taneytown.

In addition to the speakers named others who will be present to take part in the exercises will be Maryland State officers of the P. O. S. of A. and the ladies auxiliary, and the superintendents of the Carroll and Frederick county schools.

Governor Goldsborough, of Maryland, has been invited. Senator Penrose, of Pennsylvania, will be present if he can arrange to do so, which now seems assured. Pennsylvania will also be represented by Samuel C. Wells, past state president of the P. O. S. of A., of Pennsylvania, and Herman A. Miller, the present executive.

Reports from everywhere indicate an immense crowd, but the Baumgardner Grove will be ample for all. At the unveiling, as many as possible should walk, as there is danger of congesting the roadway with conveyances; however, with the consent of Mr. Baumgardner, a reasonable number of teams can be accommodated by driving past the house, into the orchard. The address there will be by William F. Williams, of Baltimore, with a brief introductory by State President Seabrook, an invocation, and the "Star Spangled Banner." The rest of the speakers will be heard in the grove.

The monument was placed on Tuesday and Friday, after which it was covered, not to be unveiled until Saturday the 12th.

WORTH \$5000

New Guernsey Champion from Adams County Farm.

About two years ago an article appeared in this paper stating that an Adams County cow and her daughter sold at a sale in New York for \$2075 and \$1700, respectively. This daughter, Cherry of Edgewater, 38413, bought by Charles Jones, Wellesley Farms, Mass., has recently finished her first year's tests making a total of 730.95 pounds of butter fat and thereby proving herself the best Guernsey heifer known in the breed.

Undoubtedly the heifer will be heard from in the cow classes later on and her value is probably around \$5000.

NICE CHECK

Gettysburg Gets its Share for the Opening Games.

A check for \$545.85 was received this morning from the treasurer of the Blue Ridge League as Gettysburg's share of the receipts of the opening games. The receipts were all pooled, ten per cent taken out for the League, and the balance divided in equal shares among the six clubs.

ENGLISH VISITORS

London People Guests of Princeton Resident for Visit here.

Allison V. Armour, of Princeton, New Jersey, had as his guests for a visit to Gettysburg to-day Mr. and Mrs. Jordan L. Mott, Jr., of London, England. They are registered at the Eagle Hotel.

HANOVER CHANGES

Hornets Using Herman. Two Players are Allowed to Go.

Herman is now playing right field for Hanover. Howe has been released and Pitcher Traub suspended on account of the salary limit.

MANY TO VISIT THE PROTECTORY

Automobiles by the Score will Take Hundreds of Visitors to Institution Near Abbottstown. Program of the Day.

Visitors day will be observed on Sunday at the Paradise Catholic protectory, located a half mile east of Abbottstown. Hundreds of visitors are expected from Harrisburg, York, Hanover, Gettysburg, Spring Grove, and other places.

Previous to this year, when visitors day was observed at that institution, where homeless boys and girls are cared for and educated, excursions were conducted over the Western Maryland railroad from York; Harrisburg and Hanover. Owing to the discontinuation of the East Berlin branch railroad, these excursions have been abandoned. This will have little or no effect on the attendance, it is thought, as parties will come in automobiles.

Six large auto trucks, it is said, will convey parties from York, while there are expected at least a hundred private automobiles. Visitors will be shown through the institution by a corps of attendants. A program of events will be carried out throughout the day.

Mass will be celebrated in the morning. Dinner and supper will be served the visitors. The series of fairs that have been held thus far this week, have been successful despite the inclemency of the weather. A band enlivened the affairs with music.

GREAT BENEFIT

Large Grain and Fruit Harvest Predicted by State Official.

The heavy rains of the past few weeks have been beneficial for the crops of the state, according to A. L. Martin, deputy secretary of agriculture, and only continued adverse climatic conditions can prevent Pennsylvania from one of the largest harvests in the history of the state.

"I do not agree with some persons, who say the rains have done untold damage," said Mr. Martin. "The rains have done more good than harm. Corn has suffered from the rain but more from the cool weather. But there is plenty of time yet for a good crop. The berry crop, too, will be good. Only in narrow belts, where frost caught some berries in blossoms will the berries suffer. The wheat crop has been vastly improved by the rain in the past few weeks. Hay will be good and there will be an abundant crop."

"The fruit is very promising throughout the entire state. It has been very little injured. The blossoms and the fruit have been so thick that the fruit must be thinned out either through natural causes or artificially anyway."

NAME OFFICER

New Game Protector is Appointed for this County.

Prof. William C. Bowman, of Lemoyne, has been appointed game protector for Cumberland and Adams counties. He has been connected with the Lemoyne public schools for 17 years, having served as principal of the Lemoyne high school since its organization in 1907. He has been a teacher in the public schools of Cumberland county for more than 24 years. He was graduated from the Cumberland Valley State Normal school at Shippensburg in 1898.

LAST MEETING

Mrs. O'Neal Hostess at Session of D. A. R.

The closing meeting of the year was held by Gettysburg Chapter, D. A. R., this afternoon when the members were guests of the regent, Mrs. W. H. O'Neal at her home on Baltimore street. Mrs. Wayne Cook, of Pittsburgh, vice state regent, was a Gettysburg visitor to-day.

WELL ATTENDED

Largest Market of the Summer Sees Good Fruit.

Thirty one truckers attended this morning's curb market. There was an abundance of spring vegetables. Strawberries found ready sale at two boxes for a quarter, and cherries were eagerly sought at ten cents a quart.

SUDDEN ILLNESS CAUSE OF DEATH

Stricken while Driving, Mrs. Warner Dies before Medical Aid Can be Secured. Daniel Null Died at his Home in Taneytown.

MRS. WM. H. WARNER

Seized with a heart attack while out driving, Mrs. Jane Warner, wife of William Warner, a retired farmer of Emmitsburg, died a few minutes after reaching home Thursday afternoon. Mrs. Warner was accompanied by her sister, Mrs. Jacob Hoke. She is the first of a family of eight to die.

Mrs. Warner, who was an active worker of the Reformed Church, had driven out with her sister in the interest of a church festival. They had made some calls, but when about 3 1/2 miles from town, she was taken sick. They turned around, and although Mrs. Hoke wanted to stop, Mrs. Warner preferred to return. Life was practically extinct when the home was reached. Dr. D. E. Stone was summoned.

Besides her husband, she leaves one son and two daughters, Ernest Warner, of near Graceham; Mrs. George E. Clutz, of York; and Mrs. Luther Tressler, of Waynesboro. She was about 66 years of age.

The following brothers and sisters survive: John D. Keilholtz, Rocky Ridge; Henry Keilholtz, York; James Keilholtz, near Thurmont; Charles Keilholtz, near Emmitsburg; Mrs. Harry McNair, Adams County; and Mrs. Annie Smith, near Baltimore.

The funeral was held this afternoon in Emmitsburg.

DANIEL NULL

Daniel Null, died at his home, in Taneytown, on Thursday morning, from pneumonia, in his 80th year. Mr. Null had been in declining health for some years, being afflicted with rheumatism, and this winter with a severe attack of grip, following which he had been able to be out, but in a weakened condition; so that, when pneumonia developed about a week before his death, he was not in good condition to overcome it.

Mr. Null was a man of much energy throughout his life. He was a successful farmer for many years, but for the last ten years or more had not engaged in very active work, and for the past two years lived quietly in Taneytown. He was a long time and loyal member of the Lutheran church.

He leaves his widow, and the following children by previous marriages: David Null, of near Littlestown; George Null, of Illinois; Jacob D. Null, of near Taneytown, and Mrs. Harry A. Allison, of Taneytown.

Funeral services this afternoon, at 1 o'clock, at the Lutheran church, in charge of his pastor, Rev. L. B. Hafer.

COMING EVENTS

Events Scheduled for Gettysburg during Coming Weeks.

June 7—Base Ball. Mt. St. Mary's Nixon Field.
June 7—Colored Excursion from Baltimore.
June 7—Concert. Loysville Orphans' Band. St. James Church.
June 8, 9—Catholic High School Commencement.
June 9—Commencement at Gettysburg College.
June 10—Reunion Ninth Pennsylvania Cavalry Assn.
June 12, 13—Visit of Philadelphia Knights of Columbus.
June 14—Colored Excursion from Baltimore.
June 15—Last Day for Payment of Bounty Claims.

AUTO ACCIDENT

Two Women Thrown from Trap and Injured.

When an automobile driven by Mrs. Charles Eisenhart, of East Berlin, overtook and struck a trap on one of the streets of Abbottstown Friday evening, Mrs. Frank K. Hafer and Miss Alice Wolf, the occupants of the trap, were thrown to the ground, Mrs. Hafer sustaining cuts on the head and Miss Wolf a sprained ankle. Mrs. Hafer's daughter, Mildred, was with them but was not hurt.

STERLING, JR.

STERLING, JR., is a handsome bright sorrel, from ear to hoof, stands 15 1/2 hands high, weighs 1125 pounds, and is a natural pacer; has paced a mile in 2:28 with very little track experience and no professional training. He was sired by Sterling 2:08 1/2, by Haroldson 2:16 1/2, sire of Maude S. 2:08 and others.

STERLING, JR.'s dam was a well bred, but not standard bred, speedy and stylish pacer mare.
STERLING, JR. will stand on Mondays at Chas Trostle's, Two Taverns; Tuesdays at Miller & Kauffman's Stable, rear of City Hotel, Gettysburg; Wednesdays at Charles I. Bushey's, on the Orpheus Diller farm at York Springs.

INSURANCE \$10.00 for a standing colt or service for two mares for \$15.00. Owned and handled by

POOL BROTHERS,

Who assure all breeders of very careful handling of both horse and mares.

Washing Hot Weather

Don't you owe yourself a wash?

"EASY" Vacuum Washer

Can give you? Don't you want some means of cleaning and bleaching those clothes without wearing yourself out?
Why not have a washer made on the right principle—Air pressure and vacuum suction that will force such torrents of water through the clothes that they can't help coming clean, and do it without the slightest injury to the most delicate fabric?

Instead of these unsanitary, suds soaked, wooden devices you have been using, why not have a real washer made of indestructible rust proof metal, one that is always clean and sanitary and built for a lifetime of service?

The "EASY" comes in three gasoline models, hand and water power.
Don't let another day pass till you write for our booklet.

DAVID KNOUSS, Arendtsville Pa.
DODGE & ZUILL'S AGENCY.

CABINET BACKS UP NOTE TO BERLIN

Asks Definitely if U. S. Rights
Will be Respected.

STRAIGHT TO THE POINT

Holds Many Questions Raised by Germany With Respect to Submarine Warfare to Be Irrelevant.

Washington, June 5. — President Wilson finished the new note to Germany on the sinking of the Lusitania and laid it before the cabinet.

Later it was learned that the cabinet approved the note. The work of putting it in diplomatic form for cabling to Ambassador Gerard, at Berlin, then proceeded at the state department.

It was stated by officials who have seen the note that it holds many of the points raised by Germany, in her preliminary reply, to be irrelevant, and demands that Germany answer definitely whether it is the Berlin government's purpose to respect American rights at sea.

In answer to questions, Secretary of State Bryan replied: "I cannot divulge anything that happens in cabinet meetings." The meeting lasted two hours.

White House officials said that while the president had penned the note himself, he had consulted with Secretary Bryan over the principles and the details. He also has been in constant consultation with Counselor Lansing, of the state department, and Attorney General Gregory, who investigated affidavits that the Lusitania carried guns. The government is convinced that there is no ground for that contention and the note will so inform Germany.

Counselor Lansing, as the president's chief adviser on questions of international law, sat in the cabinet meeting. Previously he has only attended in the absence of Secretary of State Bryan.

While the president and the cabinet were discussing the note, a German agent was on his way to Berlin to present a first hand report of the interview which Count von Bernstorff, the German ambassador, had on Wednesday with President Wilson.

Officials at the embassy refused to discuss that development, but it became known authoritatively that Meyer Gerhard, who sailed from New York for Copenhagen with a guarantee of safe conduct, obtained by the American government from the allies, is the man. He is an attaché of the German colonial office and has been in the United States several months representing the German Red Cross.

He goes to Berlin to present at first hand the views of the American government as Count von Bernstorff got them from President Wilson. Difficulties of communication through the war zone, the German embassy feels, have deprived the Berlin foreign office of a full light on the American position.

FORD CUTS MELON

Automobile Company Declares \$48,000,000 Stock Dividend.

Detroit, Mich., June 5.—The directors of the Ford Motor company increased the capital stock from \$2,000,000 to an authorized \$100,000,000, and will declare a stock dividend of \$48,000,000, payable in July.

In August 300,000 owners of Ford cars will receive a share of the company's profits in the form of rebates aggregating \$15,000,000.

Eight men only will share in the huge melon cutting. They are: Henry Ford, who will receive \$27,840,000; James Couzens, \$5,000,000; David Gray, \$4,800,000; John F. Dodge, \$2,400,000; Horace E. Dodge, \$2,400,000; Horace Rackman, \$2,400,000; John W. Anderson, \$2,400,000.

WARNS U. S. COLONY

Berlin Tells Them Diplomatic Relations May Be Severed.

London, June 5.—A dispatch to the Exchange Telegraph company from Amsterdam says:

"A message received in Amsterdam from Berlin states that the American colony in Berlin has been warned officially that diplomatic relations between Germany and the United States may be broken off in forty-eight hours and that the people should hold themselves in readiness to leave Germany."

Swedish Ship Torpedoed.

London, June 5. — The Evening Standard says the Swedish steamship Lapland was sunk fifty miles off Peterhead, a port of eastern Scotland. No submarine was sighted, but Captain Peterson says he believed the vessel was torpedoed. The crew of nineteen men, together with four women, were landed at Peterhead.

New Revolt Against Carranza.

Washington, June 5.—A new rebel Mon in Mexico was reported to the state department from Quintana, where the governor general, Carranza, with headquarters at Santa Cruz de Bravo, has renounced his allegiance to Carranza. He has not yet made any advance against Yucatan, the nearest loyal territory.

GERMAN SPY ORDERED SHOT IN LONDON

Two Companions of Suicide
Kuepferle Convicted.

London, June 5.—The trial of the two alleged spies, Muller and Hahn, which was held in camera in the Old Bailey before the lord chief justice, was concluded.

The jury found both of the prisoners guilty. Muller was sentenced to death by shooting, and will be handed over to competent military authorities for execution, subject to his right of appeal to the court of criminal appeal. Hahn was sentenced to seven years' penal servitude.

The men were arrested at the same time as Anton Kuepferle, who later committed suicide in his cell. All three were accused of sending military information to Germany by the means of invisible ink.

BALDWIN TO MAKE GUNS

Philadelphia Concern to Manufacture 1,500,000 Rifles For Russia.

Philadelphia, June 5.—A report was circulated through the financial district that the Baldwin Locomotive company has entered into an agreement with the Remington Arms and Ammunition company, of Bridgeport, Conn., for the manufacture of 1,500,000 rifles at the Edgemoor plant of the locomotive works. The rifles are said to be for Russia.

Officials of Baldwin refused to confirm or deny the report. They have adopted a policy of absolute silence in connection with any rumor concerning the manufacture of arms or ammunition for the warring nations.

TO PAY FOR GULF FLIGHT

Germany Willing to Furnish Indemnity For Attack on U. S. Ship.

Washington, June 5.—Ambassador Gerard cabled the state department a note from the German government agreeing to pay an indemnity for the damage done by a German submarine to the American steamship Gulf Light, torpedoed off the Scilly Islands.

The note was brief and said the ship had been torpedoed by mistake in the belief that, being accompanied by British patrol boats, she was a belligerent vessel.

PRUSSIAN LOSSES 1,388,000

Recent Casualty Lists Contain Names of Fifty-six Aviators.

Amsterdam, June 5.—The Telegraph states that, according to German casualty lists, Prussian losses alone have reached a total of 1,388,000.

Recent casualty lists contain the names of fifty-six aviators, of whom eleven were killed and thirty-five wounded, the remaining ten being missing.

Demand War Risk Wages.

New York, June 5.—Thirty marine engineers who work on steamships of the American line refused to sign articles for the next trip of their respective vessels unless their wages are doubled in recognition of what they declare to be danger in working on ships passing through the war zone.

Lynch Negro For Assault.

Princeton, Ky., June 5. — Masked men overpowered the county jailer, dragged Arthur Bell, a negro, from his cell and hanged him to a tree. Bell was charged with having attacked a young white woman. The mob worked so quietly that the authorities were not aroused.

Someone Else Had to Pay.
When a man gives his Satanic majesty his due it is usually at the expense of his other creditors.

GERMANS SWEEP ON IN GALICIA

Believe a Decisive Victory is
in Sight.

PETROGRAD ADMITS LOSS

Vienna Statement Declares Heavy Fighting Is In Progress Along the Entire Front.

Austro-Hungarian Field Headquarters, by way of London, June 5. According to information given out by the Austro-Hungarian military authorities to representatives of the press, heavy fighting is now in progress along virtually the entire Galician front, and the general situation is very favorable to the Austro-Germans.

A decisive conclusion to the entire Russian campaign in Galicia seems to be in sight.

"The Russian rear guards," the statement to the press says, "are fighting delaying actions south of the Dniester river against the Austro-German forces advancing from Stryl to cover the passage of the river. The Russians north of Przemyśl are now launching a series of the most desperate attacks against General von Mackensen's army. Here they are making use of new reserves, and at the same time they are exerting heavy pressure against the troops commanded by Archduke Joseph Ferdinand in the triangle between the river San and the river Vistula.

"The Russian offensive in southeastern Galicia, designed to relieve this situation, has been a complete failure."

Call It "Moral Victory."

Petrograd, June 5. — News of the fall of Przemyśl apparently has not awakened any apprehension here.

It is conceded that the Germans have won a "moral victory," but the strategic importance of the fortress, according to opinion here, was nullified before the Russians relinquished the fortress.

It is pointed out that the position was weakened. Furthermore, the fortress, projecting in an acute angle into the territory held by the Austro-German forces, was made by them the target for attacks from three sides. Consequently it required more men for defense than Russian authorities believed was justified.

Germans Caught in Libau.

London, June 5.—Russian forces operating south of Libau have cut that city off from Memel, depriving the Germans of their base of supply, says a Reuter dispatch from Petrograd.

At the same time the Russians took Polangen (on the Baltic, in Courland) and the village of Rutzan, south of Libau. Another Russian force is approaching Libau from the north. With this city enveloped, the Germans have an outlet only to the sea.

THINK SUBMARINE WAS HIT

Steamship From Lisbon Fired at Periscope—Oil Hints Shot Told.

Lisbon, June 5.—Newspapers of this city state that the steamship Demara from Lisbon for Liverpool, fired on the periscope of a submarine that was following her.

It is said the submarine disappeared and that soon thereafter large quantities of oil were seen floating on the surface of the sea.

Protesting vehemently against the sinking of two Portuguese ships by German submarines, the press demands that the government immediately sever diplomatic relations with Germany.

ASQUITH INSPECTS TROOPS

British Premier Enthusiastically Received by Soldiers at the Front.

British Headquarters in France, June 5.—Premier Asquith has just brought to a conclusion a visit to the British front, most of which he visited by motorcar.

During a tour of four days the premier investigated all phases of the army in the field, including hospitals, baths and flying corps.
On a certain hill he viewed the trenches and saw shells bursting. Everywhere the British troops received him with enthusiasm.

Auto Upsets; One Killed; Four Hurt.

Pocomoke City, Md., June 5.—Alfred Carter was killed and four companions were injured near Whaleyville, when an automobile struck a pile of sand and stone and was overturned. Carter was the only occupant who remained in the machine, the others being thrown through the air for several feet. He was caught under the heavy machine and crushed to death. The others escaped with slight injuries.

Adriatic Mine Sinks Greek Ship.

Paris, June 5.—A Havas dispatch from Athens says that a Greek steamship, outward bound from Trieste, struck a mine near Salvo and sank. All the crew perished, save three, who were injured.

Pope Will Issue White Book.

London, June 5.—The Daily Telegraph's Rome correspondent says that Pope Benedict is preparing a White Book, in which he will show the steps he took in support of peace.

Larger Than United States.

The Dominion of Canada is larger than the United States proper by some 730,000 square miles.

BRITISH RESIDENTS LEAVE MEXICO CITY

Start For Seacoast on Horseback and in Motor Boats.

Washington, June 5.—British authorities in Mexico City are arranging to take out foreigners by horseback and motor cars to points from which there is train service to Vera Cruz.

The Brazilian minister, in charge of American interests in Mexico City, reported that a Mr. Cummins, a former British consul, would start Tuesday with a party on horseback for Pachuca. The British charge d'affaires will take a party of foreigners Wednesday to Pachuca by motor cars.

President Wilson's statement was delivered in Mexico City for transmission to Generals Garza and Zapata. Department officials believe it has by this time been delivered to General Villa, and therefore is in the hands of all the Mexican leaders.

The executive committee of the Red Cross decided that all Mexican relief supplies will be consigned to consular officials, who will supervise their distribution.

Dispatches to the Carranza agency from Vera Cruz indicate that General Carranza has begun taking steps to distribute food.

MAYOR FEARS A RIOT

Mass Meeting to Protest Against Commuting Frank's Sentence.

Atlanta, Ga., June 5.—Fearing a riot may result from a mass meeting called for the state capital grounds to-night to protest against commutation of the death sentence of Leo M. Frank, Mayor Woodward wrote to Governor Slaton, urging the latter to have troops at the gathering.

In his letter to the governor the mayor calls attention to the fact that the jail where Frank is confined is within a block of the capitol, and says that excitement incident to the meeting might result in an attack on the jail. Governor Slaton has not indicated what action he will take.

Sank Norwegian Ship by Accident.

Christiania, June 5.—Germany has notified the Norwegian government that the Norwegian steamship Belridge was torpedoed by a German submarine by accident. The incident is deplored and the German government proposes to make full compensation. Norwegian experts to fix the amount.

PERSONAL NOTES AND BRIEF ITEMS

Paragraphs of News Telling of the Happenings in and about Town People Visiting Here and Those Sojourning Elsewhere.

Mrs. H. B. Moyer, daughter of Dr. and Mrs. L. L. Seiber, West Middle street, is spending some time at her home.

Misses Clara and Belle Rothrock, of Millintown, are visiting their sister, Mrs. L. L. Seiber, of West Middle street.

S. F. Lehman, of New York, is visiting at the home of Dr. and Mrs. W. A. Granville.

Rev. and Mrs. E. E. Ludwig, of Shippensburg, are visiting at the home of Mrs. John Hughes, Baltimore street.

Mrs. Sarah Stallsmith has returned to her home at Parsons after a visit with Mr. and Mrs. George Stallsmith, East Middle street.

Donald P. McPherson, of Carlisle street, transacted business in York to-day.

Mr. and Mrs. William D. Beaver have returned to their home on Chambersburg street after a visit with friends at Orrtanna.

Mrs. William Kuhn has returned to her home in Bonneauville after a visit with friends in Gettysburg.

Mrs. W. C. Rogers, of Fairfield, is spending several days with friends in Gettysburg.

Mrs. E. B. Earnshaw has returned to her home in Philadelphia after a visit with Mrs. Josie Chip, Chambersburg street.

Miss Vinnie Eicholtz, of Stratton street, is visiting friends at Golden-ville and Carlisle for several days.

Prof. B. F. Schappelle, of Springs avenue, left to-day for the University of California, where he will study during the summer months.

MILLIONS EAGER TO VENERATE LIBERTY BELL ON ITS LONG TRIP

Famous Relic of Independence Visits Seventeen States In Its Journey to Panama Fair.

Special Precautions Taken For Its Safety and to Enable It to Be Seen Day and Night.

It is a safe estimate that millions of people will see the Liberty bell during its triumphant journey across the continent from Philadelphia to San Francisco and back. Never before in all its long and stirring history has the old bell aroused such keen and widespread enthusiasm.

On its trip to the Panama exposition its special route will take it through seventeen states, and it will probably make at least 150 stops. But if the appeals of all the places that want to honor the great symbol of American independence could be listened to the bell would visit every state in the Union and even make a tour in Canada.

The famous relic has been revered by millions on its previous trips, and it has been fertile for patriotism wherever it has been seen. On this occasion its patriotic significance will be felt more than ever before, and it will bring new fervor to Americans everywhere because of the critical times in our present national relations as pertaining to our position with the big powers now at war in Europe.

Illuminated at Night.

Even at night and at places at which it cannot make a stop on its trip it will be seen. Arrangements have been made for it to be flooded with light during all the hours of darkness. Every hamlet on the way will therefore see it. It will ride through 3,000 miles of swelling cheers.

The nation's most revered historical relic will form the central feature of a

tographer, one representative for all the newspapers, four policemen, a rigger, the Pullman conductor, tourist agent and dining room steward.

Mayor Blankenburg of Philadelphia, head of the commission which has charge of the bell, was invited to accompany the party, but declined on the ground that he could not spare the time. He hopes, however, to make the trip direct and meet the bell on its arrival at San Francisco.

Patriotic organizations and citizens' committees all along the way will welcome the old bell. Apart from its special patriotic significance at the moment and the interest that has always attached to the Liberty bell, this occasion will be a historic one. It is almost certain that this will be the last trip the old bell will be permitted to make.

Fear For Its Safety.

There are many who fear the treasured bell will not return whole. There was strong opposition against its being subjected to the risks of the long journey. Permission would not have been given but for the many petitions that sought it. Among those who urged the council to consent were President Wilson and almost everybody else whose name is in "Who's Who in America."

Metalurgists say the bell has a bad, chronic case of "disease of metals." There was much discussion among them as to whether its health would not be lost completely by reason of the

CHURCH NOTICES

COLLEGE LUTHERAN

A. E. Wagner, D. D. pastor. 9:45 a. m., Bible School, Edgar A. Sunday School, 1:00; church service, 2:00.

FAIRFIELD LUTHERAN

Christian Endeavor, 6:30; topic: "Body Under, Soul on Top"; Leader, Miss Alma Kittinger.

YOUNG FOLKS' CORNER

Tag the Wall Relay Race.

This is a good school game. The players are divided into four, five or six equal teams, or captains are appointed to choose teams.

A line is marked parallel to a wall or fence thirty to fifty feet from the wall. Mark on the wall, opposite each team the number of the team. This number will be the spot the runners have to tag.

If there is no wall or fence at one end of the field of play, place some objects, like chairs or boxes, to represent the wall.

The teams, in file formation and with six or eight feet distance between each team, line up behind the thirty-foot line. At the word "go," the first runner of each team crosses the line, runs as fast as possible to the wall, touches the wall, returns, tags the next member of the team and takes his position close behind the last runner of his team.

The second runner, as soon as tagged, runs in the same manner as the first, and so on, every member of each team running as soon as tagged. The race is finished as soon as the last runner has tagged the first runner. The team first finishing wins the race.

The English Robin.

English books of natural history are full of interesting narratives of the beautiful confidence in man shown by the redbreast in selecting a place for its nest.

One pair chose for their nest a shelf in a schoolroom in which there were seventy children and directly over the heads of a little class of girls, who never once disturbed them. One of the little birds died, and the parents carried out its dead body during school hours. The other four little robins were fed and reared day by day in the presence of the seventy children. Do you wonder that the boys and girls of England are so fond of their robin redbreast?

The robin of North America belongs to a very different family—that of the thrushes. It is nearly twice the length of the English bird and more than twice its size. Audubon calls it the migratory thrush because it leaves us when winter comes on and does not return until the frost is out of the ground.

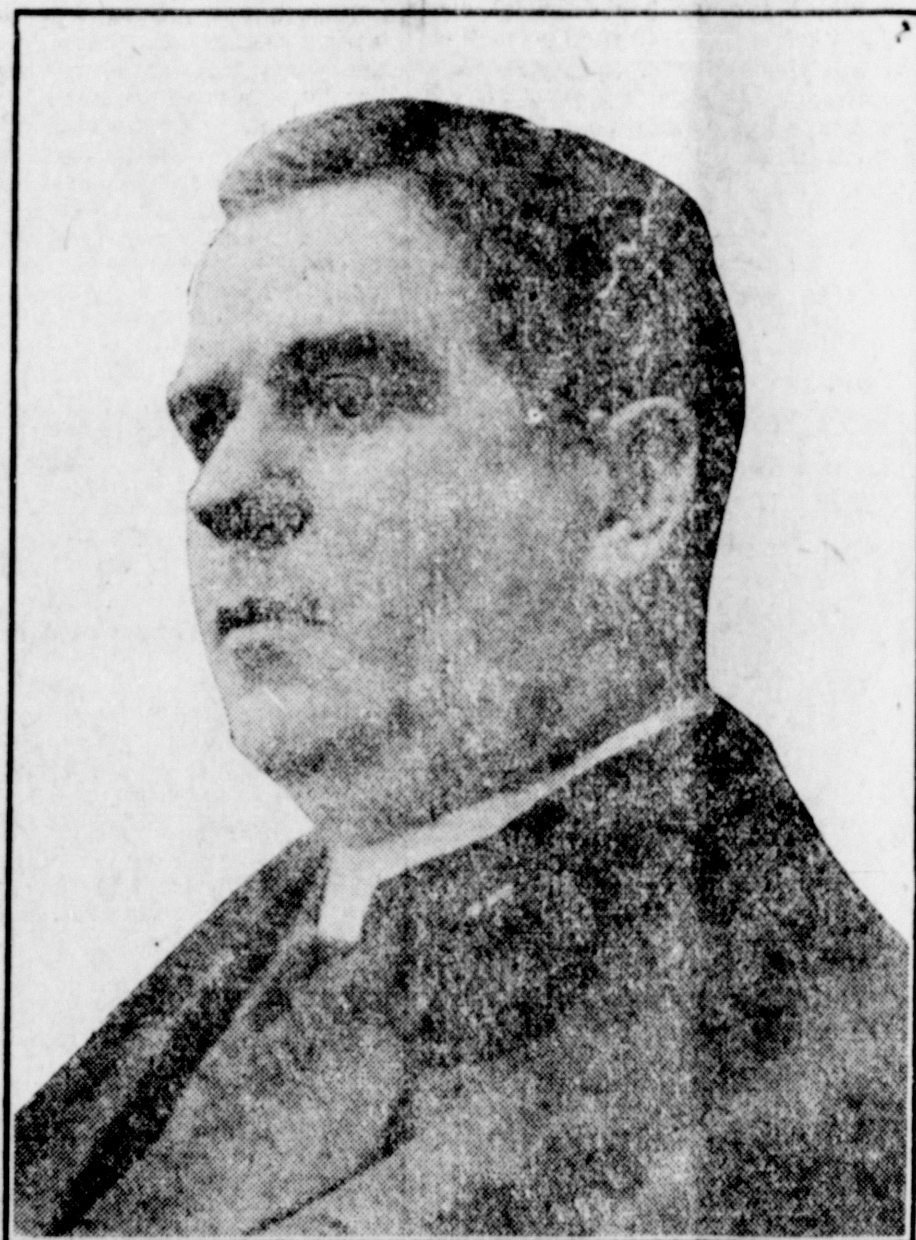

Carrot Croquettes.

Boil until tender young carrots, put through the ricer. Add salt, a beaten egg and about half a cupful of breadcrumbs to two carrots, roll in beaten egg, then in breadcrumbs and fry in hot lard. Let drain on brown paper.

Mud Stains on Clothing.

Carbonate of soda will remove the most obstinate mud stains. Rub garment with a cloth or flannel dipped in the soda, then press well on the wrong side of the material with a warm iron.

At Gettysburg Chautauqua

DR. S. PARKES CADMAN.

Dr. S. Parkes Cadman, who is to lecture on the third day of our Chautauqua, was twenty-five years of age when he came to America from England. He had but recently completed his college course and was ready to take up the work of the ministry. His first appointment, of course, was to a small charge in a country district, his salary being \$600 per year, most of which the minister had to collect himself as opportunity offered. Four years later he became pastor of the Metropolitan Temple, New York City, where Bishop John P. Newman used to preach, and General U. S. Grant and family worshipped.

The new pastor was an immediate success. The building had to be enlarged to accommodate the crowds that flocked to hear him.

Few men know the United States

better. He knows America and Americans through and through. He is a great humanitarian whose vision is broad enough to comprehend all the varied angles of our cosmopolitan country. His lectures reflect the warmth and breadth of this outlook. They are vital, virile, human, scintillating with spontaneous humor, wonderful in the rush of lofty eloquence, and informing and inspiring to an exceptional degree.

Honors and offers have crowded upon him. He has declined the presidency of several colleges, is special lecturer at many universities, and is in constant demand throughout the country for special work of various kinds. He will lecture here on "A Modern Babylon," one of his greatest addresses, and one which has added to his already wide fame as an orator.

YEAR'S SUMMARY OF SCHOOL WORK

Supervising Principal Announces List of Eighty One who Did not Miss a Day during the Nine Months Recently Closed.

The following 81 pupils of the Gettysburg Public Schools have been perfect in attendance during the term just closed.

High School, Carroll McDonnell, Ralph Oyer, Lloyd Sharets, Robert Sheads, Wilbur Geiselman, Percy Miller, Edwin Shoop, Lloyd Gilbert, Henry McDonnell, Robert Oyer, Harold Mumper, Carleton Mumper, Margaret Minter, Nevada Settle, Kathryn Dearthoff, Mary Hollinger, Virginia Oyer, Ida Sheads, Edna Zinkand, Mary Eden, Bonnylin Gilbert, Wilda Holtzworth, Constance Weaver, Nellie Mehring.

Meade School, Elizabeth Evans, Mabel Galbraith, Mildred Gilbert, Esther Hartman, Della Shultz, Lillian Weaver, May Belle Weaver, Ross Sheely, Carroll Hahn, Lucille Bender, Mildred Dearthoff, May Belle Lott, Katie Shultz, Myrtle Stauffer, Robert Geiselman, Fred Miller, Murray Miller, Harold Newman, Florence Reynolds, Helen Fox, Ida Hartley, Bernetta Lott, Mary Lott, Indus Oyer, Helen Tennant, Minnie Zinkand, Eunice Baker, Anna Eden, Mildred McClellan, Ellwood Spangler, Virginia Ramer, Elizabeth Swisher, Beulah Shank, Verna Kitzmiller.

High Street School, Brady Armor, Willard Flemming, Lila Myers, Edith Sheads, Lawrence Aughinbaugh, Elmer Haner, David Oyer, Ruth Sachs, Albert Davis, Ruth Heagy, Lillian Rupp, Margaret Stauffer, Mary Stauffer, Edwin Aughinbaugh, Claude Roberts, Richard Sheads, Glenn Stauffer, Leila Davis, John Baker, Colored School, Helen Timbers, Emory Thomas, Glenroy Snowden.

This list would be very much longer if it had not been for the epidemic of mumps which seriously affected the attendance.

Complete records for the year show that the total enrollment was 805, 374 boys and 431 girls. This is an increase of 37 over the total enrollment of the previous year when it was 768. Of the 805 enrolled about one fifth or 166 were in the High School, and 119 in the Grammar School. In both schools the girls outnumbered the boys, there being 12 more girls than boys in the High School and 33 more in the Grammar School. However, the records of previous years show a decided improvement in this respect in the High School enrollment; in 1909-1910 there were twice as many girls as boys enrolled in this school.

All of the grade schools, except the Colored School, show for the year an enrollment over 40 which is the highest number considered possible for a teacher to teach well.

The figures are as follows: Miss Maude Miller's school, 47; Miss Major's school, 56; Miss McGrew's school, 48; Miss Rosa Scott's school, 55; Mrs. Wible's school, 54; Mrs. Withers' school, 48; Miss Sachs' school, 52; Miss Ruff's school, 47; Miss Stoops' school, 41; Miss Rachel Scott's school, 47.

As is evident from these figures, some of the schools were very much overcrowded and beyond the enrollment at which a teacher can be expected to do good work. The indications are that these conditions will be the same and possibly worse for the coming term. The strongest evidence of a continued growth in the enrollment is that during the past year there were 118 enrolled in the first grade, only nearly all of these were promoted to the second grade, at the High Street school alone there being a prospective enrollment of 64 for the second grade taught by Miss Sachs.

The percentage of attendance for the past year was 91. In years when no epidemic interferes it is generally about 96 or 97 per cent.

There have been enrolled from other districts 68 pupils, the revenue from these amounting this year to approximately \$1384.

WEATHER EVERYWHERE.

The Weather.

Fair today and tomorrow; rising temperature; light southeast wind to south winds.

PATRIOTS WIN OVER MAROONS

Stair Beats Strick'r in Well Attended Game at Chambersburg. Plenty of Excitement through Numerous Errors and Hits.

A grand total of fifteen errors was tallied in the game between Gettysburg's Patriots and the Chambersburg Maroons at Wolf Lake Park Friday afternoon when Plank and his boys scored a 6 to 2 victory. Of the errors Chambersburg contributed ten while three of Gettysburg's misplays were at the third sack, covered by one Jacobs.

In the face of these facts it is difficult to believe that the game was a good one, but in spots it was all that an ardent fan could wish. No less than fourteen men were left on base during the nine innings, and this is an indication of the hard work which Stricker for Chambersburg, and Stair for Gettysburg put through in their fight. The former had a total of ten strikeouts while Stair fanned eight.

Bitters started in the box for Chambersburg but was retired in the second after he had hit Plank, given Jarosick a single, allowed Kane to take first on a fielder's choice, and forced in the first run by passing Grove. There was no further scoring in that inning.

Gettysburg tallied four more in the fifth. Reeder got four balls, Kelly and Plank got on base through errors. Reeder scored when Jarosick hit to third and Stroh, at home, dropped the throw. The bases were again full and Grove—recently released by Chambersburg—came across with a single to right which went on through, Kelly, Plank and Jarosick scoring. The Patriots' final tally came in the eighth when, with Grove on third and Oyer on second, Chambersburg tried to catch Muff, who was taking a big lead. Grove scored before they succeeded.

Chambersburg scored in the third and fourth.

Gettysburg 0 1 0 4 0 1 0 6-8-5
Chambersburg 0 0 1 1 0 0 0 0-2-7-10

Hagerstown 3, Martinsburg 1

Hagerstown, June 5—The Hornets jumped into second place Friday afternoon when they gave Martinsburg a further set-back in a pitchers' battle, winning before a large crowd 3 to 1. Sherman pitched for the locals and allowed five hits. Kelly, for Martinsburg, gave six.

Frederick 4, Hagerstown 0

Hagerstown, June 5—In an errorless game Friday afternoon, Frederick took Hagerstown into camp 4 to 0. Stevens, last year with Hagerstown, was in the box for Frederick and allowed only two hits.

Transformations.

Double the last letter to make the transformation.

1. Transform a powerful weapon to the surname of a famous colonist.
2. Transform a deep receptacle into the surname of an English statesman, born in 1759.
3. Transform a domestic animal into the surname of a Scotch poet.
4. Transform stern into the surname of a famous writer of fairy tales.
5. Transform to boast into the surname of an American general.
6. Transform the thorny envelope of a seed into the surname of an American politician who was indicted for treason in 1807.

Answers.—1, Pen, Penn; 2, pit, Pitt; 3, hog, Hogg; 4, grim, Grimm; 5, brag, Bragg; 6, bur, Burr.

Word Puzzle.

The following sentences contain words which are pronounced alike, but spelled differently and with different meanings.

- First.—The news was such a surprise that the — felt he needed a little —.
- Second.—The — looked over the — fields and sighed.
- Third.—We could not find the — of the — we heard in the evening.
- Fourth.—A beautiful — was to be given to the one who would — it.

Answers.—First, Hear and air; second, Baron and barren; third, cause and caws; fourth, urn and earn.

Better to Spend Wisely.

LOVE in a HURRY

By GELETT BURGESS
ILLUSTRATED BY RAY WALTERS

SYNOPSIS.

CHAPTER I—Hall Bonistelle, artist-photographer, preparing for the day's work in his studio, is reminded by Floodie Fisher, his assistant, of a party he is to give in the studio that night, and warned that his business is in bad financial shape.

CHAPTER III.

Mrs. Royaltan was plump and flamboyant, handsome, if one didn't mind her pop eyes, which were brown and brilliant. She was a sleek and glossy woman dressed in the extreme of style, apparently quite assured of her own charms. Her motions were pleasantly slow—she moved about with a stately swanlike carriage. Her vocal tones, too, were slow and smooth, full of a sort of sentimental emotion. Vastly condescending always, was Mrs. Royaltan, to her inferiors; suave and flattering to those she admired. She wore white, with a purple hat.

"What's the matter, child? Been crying, haven't you? What in the world does a young girl like you have to trouble you?"

"Oh, waiting on customers, for one thing!" Floodie tossed her head like a filly.

Mrs. Royaltan didn't, apparently, get the sarcasm. "Well, you don't seem to wait on them very much! Isn't Mr. Bonistelle ready for me yet?" Floodie started to reply, then changed her mind. "I don't know," she said, "I'll see."

Hall was blinking from the dark room, loaded plate-holders in hand.

"Oh, Mr. Bonistelle," Floodie whispered despairingly, "you aren't going to propose to her, are you? Oh, don't, please, Mr. Bonistelle!"

"Well, what's the matter now? I thought you wanted me to."

"Oh, but I don't now!"

"Floodie! You're crazy! Don't you worry! It'll be a happy day for you, little girl, when I'm married! I'll see that you get a better job than this! Say, where's that other plate-holder?"

"Over on that shelf. Oh, Mr. Bonistelle, you'll be awfully unhappy! I know you will!"

He stopped impatiently.

"Unhappy! With four millions, Floodie! With a private yacht—a country house—a villa in Italy, perhaps—automobiles—a valet—by Jove, I guess not!"

Her face was absurdly distorted with pain and anxiety. Her fists were clenched. She summoned her courage for the last despairing stroke. "Oh, she—paints, Mr. Bonistelle! She paints her face like a clown! You wouldn't!"

Hall laughed aloud. "For heaven's sake! Is that what's troubling you? Now, I suppose she's the only woman who does it in all New York! Well, put your mind at rest, Floodie! I'll promise to reform her after we're married. Tell her to come in."

Mrs. Royaltan wandered into the studio. She began, as usual, with a simper and a smile. "I don't know that I ought to shake hands with you, Mr. Bonistelle! You're a bad, bad boy! Why haven't you been to see me, all this long while? She filled the place with her dulcet personality."

Hall inspected her sagely, as one inspects a valuable object he is expecting to purchase, seeing her, as it were, for the first time. His first remark lacked conviction. "Oh, I've been busy—Rena! That 'Rena' barely saved it."

"Busy! Oh, you're always too busy for poor little me! I'm sure you'll take a horrid picture of me—and I'd so want to get a good one today!" Mrs. Royaltan rattled on, taking off her veil and inspecting her hair in the cheval glass. She twitted him on his impoliteness, she made her big eyes bigger. She did the spoiled child kitchenshly.

Hall still seemed dazed. He broke away nervously and went to work. It was his custom to engage his object in conversation, permitting her to change position, talk, drink tea, flirt, or gesture as she would, while he, as it were, before she began to wonder why he did not begin, to have managed the exposure of some dozen plates, from one or two of which he was pretty sure to achieve a triumph of art and naturalness.

But, at the mercy of his obsession, this method was impossible today. Hall was too busy making up his mind, and could not do two things at once.

"You're not paying a bit of attention to me," she pouted. Mrs. Royaltan, babyish, was a picture for a cynic.

But Hall was too engrossed in his own thoughts. He caught her with an unfitted finger, cried "There!" and slipped in a plate. "The fact is, I am a bit worried today," he confessed, "Just look a bit over that way. That's right! Fine!" He deftly pressed the bulb.

She went up to him and patted his arm. "Oh, you poor dear man! Oh, I wish I could help him out!"

"Oh, no, I'm afraid you can't help me," he said irritably. "I wish to heaven you could. Now look up!" he commanded. Then he divined under the focusing cloth, and emerged to say, "It's partly you that I'm worrying about, though, Rena."

"About me? No!" Mrs. Royaltan was delighted.

"Yes, I am, really!" He went up to her and adjusted her jabot.

Her eyes went off at him like a double-barreled shotgun in an explosion of coquetry. "I suppose you tell that to every woman you know!"

He was in for it, now. "Nonsense! It's true, Rena."

She opened her eyes still wider. "What in the world do you mean?"

She was hungry for more.

"Wait till I get another picture." Hall wheeled his camera into a new position, wondering what to say next. She was animated enough, now, her big eyes fairly ablaze. The tigress had scented the anelope.

For some time he held her off while she teased for further revelation, inquisitive, tantalized. Finally he sat down beside her on the couch under the window, stretched out his hand, obtained hers without much trouble, and felt of it softly. She stared at him excitedly.

"You know, Rena, the reason why I haven't been to see you, don't you?"

"Oh, some other woman, I'm sure."

"No; I just didn't dare. I hadn't the courage."

She drew her hand away, but permitted it to be recaptured with ease.

"You must know what I've been thinking," he went on. "You must have seen it in my eyes."

"Why, your eyes look all right, Mr. Bonistelle. I haven't any idea what you're talking about!" She was a forty-year-old baby, now.

"I wish I could see some of it in your eyes, Rena!"

"What in the world? See what?"

"I've admired you ever since I first saw you, Rena!" He plunged in, now, over his head. He shut his eyes for the jump, to give it intensity. "I can't get you out of my mind—I—I—love you, Rena, didn't you know that?"

She moved away, as if a bit alarmed, and withdrew her hand. "Why, Mr. Bon—Hall! I had no idea you thought of me in that way. It's absurd. You haven't known me but a few weeks—"

"Oh, I've known you long enough. I've been 'desperate about it'—Hall began almost to mean it. "Rena, you're the only woman I ever loved!"

"Hall—she paused and gave him a long languishing look. "Why, I can't believe it! When did you first discover that you loved me, Hall?" she cooed, drawing nearer.

This stopped him for a moment.

"Why—since—since—the second time, I think it was—"

"You think it was! You mean that time you came to dinner? Why, I thought you were much more interested in Carolyn Dallys!"

"Don't you believe me, Rena? I tell you, I can't stand it any longer. I've simply got to have you. Don't say no yet—just listen! Give me some encouragement, Rena, just a bit!"

She looked at him with immense delight. "You poor boy." Softly she patted his hand.

"Then you do like me a little, Rena?" He seized her hand firmly.

Rena was pleased and happy, radiant. "To think that you're in love with just poor little me!"

"Then you will say yes—and make me the happiest man in the world—the richest man in the—"

Mrs. Royaltan would squeeze every precious drop out of the orange. "Do you really love me so much?"

"Oh, do! Why, Rena, I simply can't wait—I want to marry you immediately—as soon as possible—today, even—"

Rena rose. "Oh, that's impossible!" Her voice lost its usetion and became immediately matter-of-fact. "Don't be silly, Hall. Why, I haven't said 'yes' yet. I must have time to think it over."

"Time?" Hall's face dropped.

"I want to be sure, this time!" She shook her head in swift retrospection.

"Don't torture me, Rena! You know how I must suffer. Think of my being deprived of the opportunity of—"

"Of what?" Again her cowl-like gaze disconcerted him.

"Oh, of everything—of you—of happiness—of, of—you know!" He looked at her helplessly. (She still smiled, proud of his ardor. Something in her pleased eyes encouraged him, and he put his arm about her shoulder, tried to draw her closer, had his lips ready for the kiss, when she sprang up.

"Mercy, Hall! Not here! Not now! Not yet!" She took a few steps from him, and turned to look him over, even as he had looked at her. She looked as a woman looks at a hat in a milliner's, then shook her head, as if she were not sure it was becoming.

"No, Hall, I'm afraid I must have a little time. I can't decide just now—"

"Rena!"

"No, Hall. You must be patient, dear. Give me a week—"

"See here!" Hall spoke deliberately. "Will you let me know tonight? You're coming to my party here, tonight, aren't you?"

"Why, yes, I was."

"Will you give me your answer then?"

She hung fire for a moment. Hall gave a gesture of agony—it was his supreme effort and had a touch of genius. Mrs. Royaltan, seeing, capitulated. "Well, then, all right, tonight."

Hall tried again for an embrace—

even while repulsing him she let him taste her lips, then she feebly pushed him away. "Oh, Hall, you mustn't! Not yet, anyway—you know I haven't accepted you, yet. Oh, I can't decide. I've got to think it all over calmly."

"Lord, not calmly, Rena!" he exclaimed. He gazed sadly at his shoes. "The suspense will be terrible!" he said, and with elaborate emphasis, "my darling!"

"Oh, 'Faint heart' never won fair play!" Mrs. Royaltan seemed fairly two inches taller than when she had come in. "Now, I must go, Hall. Good-by!" She held out her hand, an empress to a slave. He kissed it with fervor. And with that she smiled, and walked out.

For ten minutes Floodie had stood stealthily by the door, trying to listen. She had barely time to spring back to her desk.

"Good-by, Miss Fisher!" Mrs. Royaltan paused condescendingly. "I think if you used almond cream for your face it might do it a great deal of good. Try one of those wrinkle-bands, why don't you! They're really very efficacious." She swished into the dressing room to put on her veil.

Floodie waited a moment in scornful silence, then burst into the studio to find Hall gazing in a stupor out the window, hands in pockets, a scowl on his face. "What did she say?" she whispered. Hall didn't hear. "What did she say, Mr. Bonistelle?" Floodie was perishing of suspense.

Hall walked to the couch and dropped down, shaking his head. "She wanted time. Time! Confound it—the only thing I haven't got! What'd you think of that! I feel as if I'd done a week's washing! I'm all

ideal Row of Early Ozark Strawberries.

merous. There is money in strawberries, however, if you have the right kind of marketing arrangements.

In some sections the marketing problem has been solved by forming co-operative associations. Sometimes it did not stay solved as jealousies and bad faith caused the breaking up of the associations. Where they have managed to live through a few years of these troubles, the marketing organizations have proved their worth by saving thousands of dollars for their collective memberships and saving the individual growers several cents a crate on his berries.

The plants require a fairly rich soil, but any land that will grow good corn will raise strawberries. The land ought to be thoroughly manured the fall and early winter before the plants are set.

After the manure is spread the ground should be plowed to a depth of about six inches. Next spring it should be disked as soon as the ground is dry enough to work. Dragging and harrowing will smooth it down so the plants can be given a splendid start. They need a firm subsoil to hold dampness, but the soil at the top should be free and loose.

The plants are usually put out in 18-inch intervals in rows three feet apart. Where it is possible the rows should be made of considerable length. It is better to have a long, narrow strip of strawberries than to have the same area in a square. It means a great deal in first-year cultivation to have the rows long enough that they are easily plowed.

SPRAYING FOR APPLE TREES

First Summer Spray for Apples Should Be Applied Just Before Trees Begin to Blossom.

(By A. J. GUNDERSON, Illinois Experiment Station.)

If apple trees have San Jose scale, scurvy or oyster-shell scale, spray with the trees are dormant with commercial sulphur at the rate of one gallon to eight gallons of water. The first summer spray for apples should be applied just before the trees blossom, at a time when buds are showing pink, but before they have opened. This spray should consist of lime sulphur at the rate of one gallon to 40 gallons of water, and to this mixture add arsenate of lead at the rate of two pounds to 50 gallons of water. These two materials should be mixed together, the lime sulphur being a spray for apple scab, and the arsenate of lead for the control of curculio.

The second summer spray should be made immediately at the fall of the bloom, that is, after the blossoms have been pollinated, with the same mixture as for the first spray. This spray is for apple scab, codling moth and curculio. The third summer spray should be applied about two weeks after the second. This spray is also for the control of apple scab, any codling moth or curculio that may still be working on the fruit.

Kindly Suggestion.

Little Mary's Complaint.

Little Mary's mamma had promised to take her to see a moving picture show on a certain afternoon, but circumstances compelled her to change her plans. "Oh, dear!" sighed Mary. "I do wish I had a mother that wasn't so freckled minded!"

ORCHARD TOPICS

STRAWBERRY IS MONEY CROP

Profit Is Assured If Marketing Arrangements Are of Right Kind—Rich Soil Is Essential.

Some men take \$200 worth of strawberries from an acre of ground, a few have taken \$400 worth from the same area and there are many growers who barely make living wages out of their strawberry plantings. Yet strawberries are accounted a sure crop and a crop that makes quick returns.

Various growers of strawberries have estimated the cost of producing an acre of this product at anywhere from \$50 to \$100, writes F. L. Alexander of Arkansas in Farm Progress.

For a generation the strawberry grower has been having his fat years alternating with some mighty lean ones and most growers will tell you that the lean years are the most numerous.

There is money in strawberries, however, if you have the right kind of marketing arrangements.

In some sections the marketing problem has been solved by forming co-operative associations. Sometimes it did not stay solved as jealousies and bad faith caused the breaking up of the associations. The Old Bell Says:

So I have to go on another trip. When I'd rather stay home this season! I said I'd crack in my poor old back, but they wouldn't take that for a reason.

So, with honorable escort and flags afloat I'm to answer their western call; A man of my age on a pilgrimage From Independence Hall!

Of course they will give me an honored place. And the people will throng around me. But mine are the ways of the ancient days. Where the things of the past surround me.

In the midst of their modern pomp and display I may not look fine at all. But I know I'm great in mine own estate At Independence Hall!

Suppose the folk of that great far land. Ake hasn't had time to mellow. Look with surprise in their western eyes And call me a "queer old fellow?"

I'll wish myself back in my good, old home. Where the ghosts and the memories call: Where I hold my state with the good and great.

In Independence Hall! —Bell Rumford.

ELECTRICITY LOCATES BULLETS IN WOUNDS.

American Hospitals Adopt Extraction Device Used in War.

American hospital surgeons are applying a new and practical use of electricity learned from the field hospitals in France. In the war zone many thousands of cases of bullet and shell wounds are treated daily. The old and tortuous manner of searching for the bullet has been discarded in favor of the electrical locator, which quickly and definitely discovers the metal without adding pain to the wounded. Already numerous American hospitals have installed the device, a development of the Hughes induction balance.

The instrument consists of two sets of wire coils, one of which rests on the operating table and the other in the surgeon's hand. A telephone receiver is placed over the surgeon's head like a telephone girl's helmet and connected to the movable coil. The coils are so wound that they balance and are inactive when not in service.

When the wounded soldier is brought in the surgeon moves the hand set of coils over the body. The instant the coil passes over the metal the electrical balance is disturbed and the telephone receiver emits a long series of clickings. The intensity of the noise in the surgeon's ear indicates the size and nearness of the bullet. The sound grows louder or more feeble as the coil is moved nearer or farther away. It will be loudest when directly over the metal.

Enough.

John Muir once said to Mr. Harriman, "I am richer than you are."

"Yes," said Mr. Harriman, "but how?" Mr. Muir answered, "Because I've got enough money and you haven't." John Muir placed money in the right place, using it as a means solely to help him to become a great servant of his time. It is not the amount of money we have that counts; it is our attitude toward it that determines whether or not we are dollar idolaters.—Christian Herald.

Seeing Both Sides at Once.

Fishes and birds have an advantage over human beings in their ability to see on both sides of them. Their eyes are set not for looking straight ahead, but for looking out on each side. That is because they balance their bodies to right or to left, while we balance forward and backward. A bird can watch the tips of both wings at once. The pilot of an aeroplane has to turn his head from side to side to see his wing tips.—New York World.

A Spanish Legend.

A rocky eminence on the outskirts of Granada, Spain, is known as "El ultimo soplo del Moro" (the last sigh of the Moor), because, according to the legend, Roderich, the last Moorish monarch, took leave there of the land of his birth.

AIR CRAFT TO RIVAL SUBMARINE

Secretary Daniels Addresses Graduating Middies.

TERRORS OF THE FUTURE

Navy Head Points Out Marvelous Changes Which European War Has Imposed Upon Modern Warfare.

Annapolis, Md., June 5.—Secretary of the Navy Daniels and Senator Penrose, addressing the naval academy graduating class, drew attention from separate angles to the marvelous changes, developments and needs which the European conflict has imposed upon the science of modern warfare.

Secretary Daniels predicted that the war airships of the not distant future would be as fearful engines of destruction as are the submarines, and Senator Penrose declared that the United States must strive after naval preparedness and supremacy.

"In the European war," Mr. Daniels said, "there have been no surprises, no startling victories, no crushing defeats that could be called decisive. Slaughter there has been unprecendented, but the character of battles that stampeded an enemy by taking him unawares has passed away. The effectiveness of the flanking movement have been seriously impaired. Why? The soaring scouts carry messages from trench to trench, and the sudden alarms that resulted in the routing of mighty armies became ancient history when the modern engine and gasoline enabled man to conquer the regions of the air.

"What we have seen in these swift-winged, eagle eyes of the army or navy is but the dawn of the coming day when we shall make the heavens carry our war craft as easily as we navigate the seas with our dread noughts."

Secretary Daniels spoke of the marvelous development of the submarine and added:

"Almost daily you are startled to read of the torpedoing of a mighty vessel by these small under-sea titlitos," the secretary told the graduates. "The submarine's precision of aim, its deadlines of execution, its ability to do its deadly work and disappear in a moment challenge the world's wonder."

"It seems only a few days ago that we were wondering if the submarine would become a really important part of the fleet. Today many are seriously debating whether our giant craft will continue to be the backbone of the squadrons that constitute a country's protection."

MUST PAY FOR INSANE

Property of Inmates of State Institutions Liable For Keep.

Harrisburg, Pa., June 5.—The Whitaker house bill to provide that the property or estate of any person maintained in any hospital, home, sanitarium or other institution of the state, in whole or in part at the expense of the commonwealth, shall be liable for such maintenance, was approved by the governor.

The attorney general is to have charge of the collection and court proceedings may be taken. Under this bill it is expected that thousands of dollars will be paid to the state annually.

Proceedings are now under way for the collection of money due from the estates of insane and feeble minded persons in state institutions and able to pay for their maintenance.

To Build \$1,000,000 Plant.

East Liverpool, O., June 5.—So strong is the faith of the directors of the newly organized Columbia Sheet Metal company in the future prosperity of the country that they have ordered the erection of a sheet mill plant to cost \$1,000,000. When completed between 500 and 1000 men will be employed.

Synod Praises Mr. Wilson.

Asbury Park, N. J., June 5.—President Wilson's stand for American neutrality in the European war and his "statesmanlike prudence," were unanimously approved by the General Synod of the Reformed Church in America. The resolution was transmitted by telegraph to the president.

General Electric's Huge War Contract

New York, June 5.—A \$75,000,000 contract for rifles and cartridges, to be delivered over a period of eighteen months, has virtually been closed with the General Electric company by agents of the allies, it was reported here.

Two Swiss Military Aviators Killed.

Berne, June 5.—A Swiss biplane which was carrying Lieutenant Voltenwiler, of Berne, and Corporal Probst, of Basel, fell from a great height near Zurich. Both aviators were killed.

Chicago Seeks Democratic Convention

Chicago, June 5.—A campaign to bring the 1916 National Democratic convention to Chicago was launched here at a meeting of 200 Indiana editors.

AUSTRIANS HAMMER AT TRIESTE INVADERS

Italian Army Continues Bombardment of City.

Rome, June 5.—Alarmed by the actual firing opened on Trieste by the Italian forces, the Austrians are making repeated but futile efforts to dislodge from the heights of Monte Nero, across the Isonzo, the Italian forces which now have the port under bombardment.

The Italian troops which entered the Trentino from its eastern border are exerting such pressure on the Austrians that the latter are abandoning all their positions in the Val Fiemme and the Italians are now near Predazzo, twenty-seven miles northeast of Trent.

Possession of this town would seriously threaten Bozano (Bozen), on the single railroad running south to Trent and serving as a source of supplies to all the Austrian garrisons in the southern Tyrol.

An official statement says reports of preparatory movements along the entire front show that the situation continues to develop in favor of the Italians, who have assumed an effective offensive against the Austrians who are strongly entrenched and supported by powerful artillery.

202 GEMS IN WEDDING GIFT

Necklace Given by Congress to Miss Clark Nearly Ready.

Washington, June 5.—The diamond necklace and silver jewel case to be presented by the house of representatives as a wedding gift to Miss Genevieve Clark, daughter of Speaker Clark, has been completed and will be forwarded to Miss Clark at her home in Bowling Green, Mo., in a few days.

The necklace consists of 202 diamonds, aggregating seventeen carats. Eighty-five stones were used in making the necklace alone, the pendant contains 117 diamonds.

The bride's initials are in paved diamonds, which form the connecting link between the necklace and pendant.

Millionaire's Automobile Kills Boy.

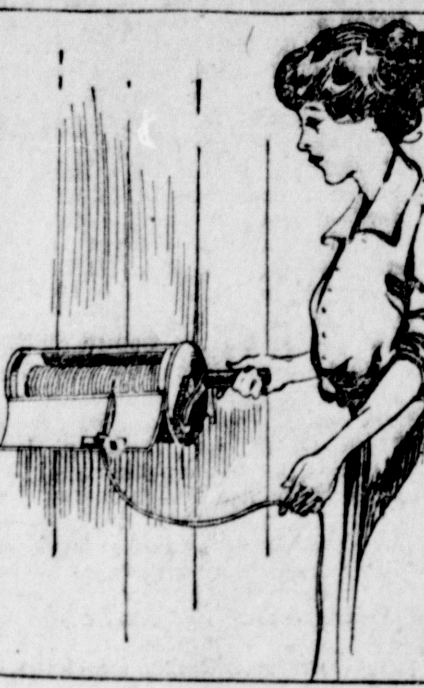

Scranton, Pa., June 5.—John Urbanick, aged eleven years, of Dunmore, was fatally hurt when struck by an automobile owned by George B. Jermy, a Scranton millionaire, and a brother of Mayor Jermy. Ernest Howard, chauffeur for Mr. Jermy, was driving the machine and the boy ran from the sidewalk directly in front of it. His skull was fractured. Howard was arrested on the charge of manslaughter and released on bail.

Says Churches Should Advertise.

Hartford, Conn., June 5.—John Wamamaker shook up the members of the Church Clubs of the United States in a letter read at the annual convention here, saying he favored daily newspaper advertising for the churches, and not spectacular billboards, and recommended that churchmen clean house so that their advertising of churches might be substantiated if visited by a stranger.

HINTS FOR THE BUSY HOUSEWIFE

Reel For Keeping Clothesline In Good Order.

The proper way to take care of a clothesline is to house it in such a way that it will be protected from the dust in the air and other causes which are likely to contaminate it. Thrown around in a loosely made hank formed over the hand and elbow, as it is most frequently done, the line becomes soiled and makes its mark on the clothes which are hung upon it to dry. By the new method the line is permanently secured to a spring reel, which is mounted on a cylindrical case, where it is protected from the weather. The usual size is supplied with 100 feet of rope, which may be drawn as desired and passed over the pulleys and hooks. It has also a crank and ratchet by which the rope may be tightened after being arranged for the clothes. The device is secured in place by a couple of hooks, and when it is desired for any purpose to remove it the apparatus may be taken down without the use of tools.

Cottage Pudding.

One-half cupful of soda, one level teaspoonful of sugar, one cupful of sugar, one egg and flour to make a batter as stiff as ordinary cake batter. One-half cupful of sweet milk and one and one-half teaspoonfuls baking powder may be used instead of the soda milk. Flavor with any spice or vanilla. Bake in a wide, shallow pan and cut into two-inch squares. Have ready a sauce made with one pint of water, four tablespoonfuls of sugar and two level tablespoonfuls of flour rubbed into enough warm butter to make a cream. Have the water boiling, add the sugar and then the flour and butter, stirring rapidly. Flavor with lemon or vanilla. Put the cake squares into cereal dishes or saucers and pour the sauce plentifully around them.

Asparagus Salad.

Cook asparagus, taking large heads, until tender. Drain and chill; then cut in inch pieces. Make in the salad bowl a dressing in which the yolks of two hard boiled eggs are used with a teaspoonful of English mustard, salt, pepper and paprika to taste, a large spoonful of vinegar and three to four spoonfuls of olive oil, beating until thoroughly blended. Toss the asparagus in this and serve on lettuce leaves and on each plate put a little heap of minced hard boiled egg and some minced cucumber pickle.

Candied Cherries.

Make a light sirup, using half a pint of water to each pint of sugar, and let it come to a boil; cook for two minutes. Pour this over the fruit and let it all stand a day and a night. Drain, add to the sirup half the quantity of sugar used the day previous, and boil until it is dissolved. Pour this over the fruit and let it all stand for forty-eight hours. Repeat the process, letting the fruit stand in the sirup four different times. Then drain and pack in layers in boxes between waxed paper.—Country Gentleman.

Cafe Frappe.

Make one quart of very strong black coffee, strain and cool, and to this add a pint of cream stiffly whipped and sweetened. Turn into a freezer, pack in ice and salt and let it stand one and a half hours. Serve in tall glasses with a rosette of whipped cream on top, and with it serve madelines or lady fingers.

Cocoanut Pie.

Beat together thoroughly two eggs, three tablespoonfuls of sugar and a pinch of salt. Add two cupfuls of sweet milk, pour into a deep pie tin, well lined with good pastry. Sprinkle over the top two tablespoonfuls of

grated coconut. Bake until the custard is firmly set and serve cold.

Mending Woolen Goods.

When mending wool goods, use threads pulled from the same goods, and darn closely on the wrong side, being careful to follow the weave of the material. When it is finished, press under a damp cloth on the right side. If carefully done the darn will be hard to detect.

Removing Grease Spots.

For removing grease spots on black woolen clothing the following is excellent: Make a solution of borax and warm water and wash the soiled article in it, then rinse in clear water and dry.

MISFIT MARRIAGES.

A Humorist's Flippant View of Matrimonial Alliances.

I would like to make a few useless remarks about married life. I don't know what to say, but I am going to.

If you are a tall, sallow, nervous, easy going man with a lilliputian income, enormous feet and hands and have an Adam's apple that looks like somebody trying to poke his fist through your neck you will marry a tiny black haired woman who has all seeing, lashless eyes, a mouth like a knife cut in a dish of cornstarch pudding and a love of jewelry and ancient black and tan dogs with rotten dispositions and hair-pin legs. You may say you won't but you will.

If you are a red headed gentleman you will marry a beautiful girl. I don't know why this is, but you think over the red headed men you know and see if they haven't copped peaches.

If you are a little runt addicted to morning coats and gardenias, a large, vital, auburn haired lady will get you yet. She will want all there is in life. And don't sit down calmly after you're married, with a panetella in the corner of your mouth, and imagine you are that all.

If you are a home loving man, a man who likes to loiter about in an old suit, a man who gets slightly senescent by merely glancing over a passenger list of an ocean liner, then, by the gods, you will wed a female globe trotter.

If you are a jealous person it is written that you shall marry a girl who will give you every excuse to harbor that ridiculous passion. And by the same token it wouldn't matter whether she did or not—it would seem so to you. If you put your stomach before everything else in life, physically as well as metaphorically, your wife will be the kind who made a pan of burnt fudge once when she was at school, but knows and cares not that mint sauce has nothing to do with veal cutlets and that sea bass gets nervous and fidgety when you pour maple sirup on it.—Montgomery Flagg in American Magazine.

HOW PINS ARE MADE.

An Intricate Process Where Machinery Does All the Work.

To make a pin is an intricate process, but it is all done by machinery. A spool of brass wire running on steel posts is fed into jaws which bite off the length of the pin. A small length is left to make the head, which is formed by three rapid blows of a hammer which moves forward one-twentieth of an inch at each blow. The pin then drops to an incline in which are grooves deep enough to admit the shank, but not the head.

As the pin moves down its point comes in contact with a cylinder with a file like surface, which causes the pin to turn round so that it is sharpened on all sides. It next drops into a receptacle where a layer of pins is placed, and then a layer of finely ground tin until the pin is filled. Heat and a chemical solution coat the pins with tin.

They are then polished in a barrel revolving rapidly. They are placed in the papers by a machine, which seizes the paper and crimps it into divisions as wide as the length of the pins. The bottom of the box is made of square steel bars, which allow the shanks but not the heads of the pins to pass through.

The bars are in motion, thus shaking down the pins until a row is formed, when they are clamped in place by the bars. A fold of paper is pushed up against them and pressed into place. This is repeated until the paper is full, when another takes its place. It all sounds intricate, but being done by machinery it is rapid and cheap, else we could not have the billions of pins that we waste.—Indianapolis News.

The Palace of Thoughts.

To get peace, if you do want it, make for yourselves nests of pleasant thoughts. None of us yet knows, for none of us has been taught in early youth, what palaces we may build of beautiful thoughts—proof against all adversity.—John Ruskin.

The KITCHEN CUPBOARD

A DELECTABLE DAINTY.

DINNER MENU.

Vegetable Soup.
Fried Chicken.
Alligator Pear Salad. Peas.
Lemon Ice.

Alligator Pear Salad.

PEEL and cut alligator pears in halves. Take out the stones and the brown membrane surrounding them. Cut in dice. Mix two parts of pears to one of grapefruit, cut in pieces. Pour over all a French dressing made with lemon juice, paprika and oil. Serve on lettuce leaves with wafers.

Other Recipes.

Roast Veal.—Take a thick piece of veal from the upper part of the leg. Dredge with salt, pepper, ginger and flour. Put in dripping pan in a hot oven with three tablespoonfuls of beef or poultry drippings. When the meat is browned baste with fat and reduce the heat. Add a little water and baste often until tender. An excellent brown gravy can be made with the liquor.

Hash.—Remove bones and gristle and chop the meat. To each cupful of meat add two cupfuls mashed potatoes. Season with half teaspoonful salt and a bit of pepper. Mix thoroughly. Put two tablespoonfuls butter or dripping into a fry pan. Add the hash and let cook slowly until browned on the bottom. A little stewed tomato or onion juice may be added.

Two Salads.

Asparagus Salad.—Cook a bunch or two of asparagus until tender. Cut into one inch pieces. Place on lettuce

leaves and mix with a boiled dressing. Garnish with boiled eggs cut lengthwise in quarters.

Shad Roe and Cucumber Salad.—Let shad roe simmer twenty minutes in salted water flavored with vinegar. Cool, cut in slices and cubes. Pour over a French dressing. Add cucumber, peeled, cut in cubes, and mayonnaise to moisten. Place salad on a bed of crisp lettuce leaves. Garnish with sliced cucumbers.

Anna Thompson.

Valparaiso at Night.

The night view of Valparaiso from the balconies of the cliff dwellers is one of the great sights of the world. The vast skele of the shore lit for nearly 200,000 people, the scores of ocean vessels lying at anchor, the harbor lights, the glowing avenues below from which rises, mellowed, the roar of nocturnal traffic, the rippling water under the moonlight and the far horizon of the illimitable Pacific produce an effect of enchantment.—Edward Aisworth Ross' "South of Panama."

Playing It Carefully.

Tenderly the ardent swain placed the diamond circlet on his lady love's finger. "It seals our engagement," he said.

"Oh, Jack," exclaimed the girl, "isn't it sweet?"

"And now," continued the young man, "would you mind giving me a receipt stating that the ring is to be returned to me in case you should change your mind about marrying me?"—St. Louis Post-Dispatch.

Laboring toward distant aims sets the mind in a higher key and puts us at our best.—Parkhurst.

ASSIGNEE'S SALE

OF VALUABLE REAL ESTATE, AND PERSONAL PROPERTY.

On Saturday, June 19, 1915, the undersigned assignee of John F. Walter and wife, by virtue of an order of sale from the Court of Common Pleas, of Adams County, will offer at public sale, on the respective premises, the following valuable real estate and personal property:

No. 1. A lot of ground situate in the Borough of Gettysburg, Adams County, Penna., fronting 60 feet, more or less, on the north side of York street, adjoining lot of the Gettysburg National Bank on the west, No. 2 on the east, and extending back about 180 feet to a public alley, improved with a three story brick hotel building recently remodeled, 39 bed rooms, and 3 of them with private baths and the usual appointments, and known as "Lincoln Way Hotel," with stables and out-buildings.

No. 2. A lot of ground in same place, adjoining No. 1 on the west, lot of J. Herman Bream on the east and extending back about 180 feet to a public alley, improved with a large theater and moving picture show, with a seating capacity of about 500 persons, known as "Walter's Theatre," and part stable and shed on the rear.

No. 3. A lot in same place fronting about 60 feet on the north side of Hanover street, adjoining lot of Mary L. Ramer on the west, H. S. Brinkerhoff on the east, extending back about 180 to a 12-foot alley, improved with a large wooden and metal building about 60 by 160 feet, with a hot water furnace, and hard wood floor, intended for a skating rink, convention hall, fairs and festivals, etc., and known as "The Garden Auditorium."

Immediately thereafter the personal property will be sold on No. 1, consisting of about 35 beds and bed clothing, mattresses, springs, pillows, chairs, carpets, dressers, cots, toilet sets, wash sets, comforts, curtains, blinds, table covers, napkins, table and kitchen accessories, chinaware, glassware, knives, forks and spoons, tables, stands, piano, cash register, safe, 5 burner gas range and oven, harness collars and bridles, counters, mirrors, pictures, and numerous other articles.

Sale will commence at 1:30 P. M., and terms and conditions by

J. L. Williams, Assignee,
1st National Bank Bldg.,
Gettysburg, Pa.

AN ORDINANCE

AN ORDINANCE, regulating traffic within the public square of the Borough of Gettysburg, Pa.

Be it enacted and ordained by the Burgess and Town Council of the Borough of Gettysburg, Adams County, Pennsylvania, and it is hereby enacted and ordained by the authority of the same:

Section 1. That all vehicles of any and every description and all persons other than pedestrians, when passing into, through, out of, or from one point to another, within the Public Square in the Borough of Gettysburg, shall keep to the right of the centre of said public square, following the curb lines as nearly as circumstances will permit.

Section 2. That all vehicles, shall, when stopped in the public square, be placed at right angles to and next to the curbline.

Section 3. Any person or persons violating any of the provisions of this ordinance, shall, upon conviction thereof, pay a fine of \$5.00, which shall be recoverable as fines of like character are recoverable by law.

Enacted this 19th day of May, 1915.
J. L. RUFF,
President.

Attest:—
C. B. Kitzmiller,
Secretary.
Approved this 21st day of May, 1915.
J. W. EICHOITZ,
Burgess.

DRY GOODS DEPARTMENT STORE

1885

1915

OUR 30TH. JUNE

in store keeping at Gettysburg.

Not a few of our customers in June 1885 are customers still and have taken a pride in the growth of this store.

We are now right at the beginning of the Summer Season—and in making our merchandise preparation for what we, with every right, expect to be the greatest June's business we have ever had—we had in mind, as always, the protecting of our reputation for Good Goods Rightly Priced—watching your buying interests as well as ours—making new friends as well as keeping the old.

Every Department of our big store is full of bright new June Goods—in the Piece or Ready-to-Wear. The many June 1st's since 1885 have never found us any better, if as well, prepared for every demand as now. We invite your visits and confidence in all that pertains to our mutual interests.

G. W. WEAVER & SON

.. The ..
June Bride

June's wedding bells bring hurries and worries to the bride's friends.

A suitable gift must be chosen, matters of apparel must be looked to.

And everything must be just right—a wedding is a real event.

At such a season the suggestions held out in the advertising columns of a live newspaper like The TIMES are invaluable.

Frequently the advertising will give a direct answer to your problems but in any event it will guide you to the right store.

Every day the service qualities of news paper advertising become more and more apparent.

Carl Weber's
Surprise

By EDITH V. ROSS

When the great European war broke out Carl Weber, whose father was a baker in Berlin, being a member of the reserve, was given ten days to prepare to leave for the front. The reason of his having been given so long a time when there was such a hurry for troops was that the unmarried members of his corps were recommended to take wives before going to the war in order that the depletion of men consequent upon the dangers of the service might be balanced by a crop of children.

Carl chose for a partner for life—or more likely for death—Gretchen, the daughter of Hans Kopp, who kept a grocery store next door to the bakery. Hans was twenty years old; Gretchen was seventeen. There was no time for courting—indeed, no time for either groom or bride to deliberate on the subject. Carl's father made the proposition to Gretchen's father that the youngsters be married, and since both men considered that the marriage was a duty to the fatherland a marriage it must be.

Neither Carl nor Gretchen was averse to a marriage. Being young they did not consider the fact that the young husband would probably be killed or die of disease. A great many soldiers who go to war return. Why not Carl? So they were married and passed a week's honeymoon together, which slid away very quickly, and Carl was obliged to tear himself from his bride to be entrained for Belgium. The last he saw of his wife she was standing on the sidewalk weeping.

Then for the first time Carl realized what it all meant. It was terribly serious. The first mowing down of men by modern machinery had taken place, and the death toll was terrible. On the way to the front he met trainloads of wounded, and the sight sickened him. What a change in every way had come over him! A fortnight before he had not thought of either war or marriage. Now he was deep in both. How he wished he could return, take his weeping wife in his arms and remain with her forever! But, no; very likely he would never see her again, while she—what would become of her? Would she weep for him throughout eternity? We are prone to picture those loved ones from whom we are separated as we last saw them. Carl throughout his army service never thought of Gretchen but that she was standing on the sidewalk looking after him through her tears.

Carl escaped death, but after awhile was severely wounded. He was taken to the rear and placed in a hospital. There he lingered for a long while and at last began to mend. He was able to be about long before he was fit to return to the front, so he was permitted to go home for the rest of the period necessary for him to be prepared to go forth to be shot at again.

Carl wrote to his parents and his wife that he would be at home on a certain day. He did not like to surprise her, for he feared that the joy of meeting him suddenly might have a deleterious effect upon her. The day he arrived his father met him at the station, embraced him, kissing him on both cheeks, then led the way to his delivery wagon, which was waiting for Carl was not equal to walking home.

Now, it so happened that the stork visited the house with a ten pound boy the very day of Carl's arrival. Indeed, the little fellow was just fifty-five minutes old when the train bearing his father rolled into the station. It had been arranged that Carl should be kept in ignorance of the fact till the last possible moment in order that he might have a pleasant surprise. Gretchen had continued to live with her parents, and his father was to take him home and await notice just when he might be introduced to his wife and child.

The idea of being a father had never entered the young soldier's head. For months he had remembered his wife in tears, and he was possessed with one idea—to get home and dry those tears. When his father drove up before the bakery over which he lived he suggested to Carl to go in and meet his mother before meeting his wife. Respect for parents is so strong in Germany that Carl consented, but after giving the old woman a hasty kiss he broke away and hobbled to the next house to see his wife.

Finding no one in the shop below, he pulled himself upstairs by means of a ballister and tried to open the door. It was locked. He tried the doors to the other chambers and found them all open, but no one was in any of the rooms. Carl began to be frightened. He had asked his father innumerable questions about Gretchen, and the old man had seemed noncommittal.

He rapped at the door of his wife's room again, then listened. He heard a hoarse sound as if a deaf mute was trying to speak. He knocked again and heard a man's voice say, "You may come in in about ten minutes."

Great heavens! A man in his wife's bedroom, telling him when he might come in. Surely something frightful had happened. Weak as he was, he paced the hall like a caged tiger; then suddenly the door was thrown open, and there, lying in bed, was Gretchen, on her arm taking his first breakfast a baby boy, and, instead of tears coursing down her cheeks, on her lips was the happiest smile that had ever been there.

The doctor and the grandmother retired and left the family alone together.

Why the Comparison?

"Why do you compare my marksmanship with lightning?" asked the recruit. "Because," replied the instructor, "it never hits twice in the same place."

PUBLIC SALE

Monday JUNE 7th., 1915

The undersigned intending to go West, will sell at her residence in Straben township, on the road leading from the State road to the Hunterstown road, the following:
